

Atollo Project

Breaking barriers
through education

Hello!

Thank you for signing up for the Atollo Project newsletter. The Atollo Project is a pioneering initiative funded by the European Union, aimed at empowering learners with disabilities through the creation of accessible and inclusive digital educational materials.

About Atollo Project

The Atollo Project enriches schools, educators and learners by providing essential digital education tools and resources.

[Discover our mission](#)

Our Consortium

Our consortium brings together expertise from EdTech companies, universities, special schools, public authorities, and NGOs.

[Meet our partners](#)

Student Corner

Meet Ragnar Smára and Gísli Björnsson who recently graduated from a vocational diploma programme at the University of Iceland.

**Fostering inclusion
and innovation in
education**

This pioneering initiative spanning 32 months is supported by the European Education and Culture Executive Agency. By integrating cutting-edge technology and user-centred design, the Atollo Project seeks to empower learners with disabilities, ensuring they have equal opportunities to thrive in an increasingly digital world.
