

Atollo Project

Breaking barriers
through education

Happy Holidays!

Welcome to the December edition of the Atollo Project newsletter.

Thank you for your continued engagement and support of the Atollo Project, and warm wishes for the holiday season.

Seasons greetings from the Atollo Project!

Atollo Project 2025: year in review

As 2025 comes to a close, we are proud to share a snapshot of what the Atollo Project has achieved this year. Co-funded by the European Union, the Atollo Project is building inclusive and accessible digital education solutions that support learners with disabilities, and this year brought strong progress across research, practice sharing, training, and piloting.

Key highlights from 2025:

- **Sharing the Atollo Project story in Croatia:** [Atollo Project presentation in Zagreb](#)
- **Connecting with the research community:** [NERA 2025 Conference](#)
- **Building capacity across the partnership:** [Train-the-Trainer programme](#)

- **Inclusive practice in action:** [Inclusive education technology in Pula](#)
- **From planning to practice:** [Pilot testing phase](#)
- **A major milestone for the year:** [Atollo Project partners gather in Westport for a successful consortium meeting](#)

Thank you to all Atollo Project consortium partners for your commitment, expertise, and collaboration throughout 2025. We are looking ahead to 2026 with real momentum, as the work completed this year translates into practical materials and resources that can support educators and make a meaningful contribution to the special educational needs community.
